Ever since US president Joe Biden passed on the torch and vice president Kamala Harris moved to the center stage of the electoral race, the dynamics of the 2024 US election has shifted and keeps on shifting. If we can trust the current polls, the race remains tight and unpredictable. One week before the decisive date 5 November 2024, we like to debate – with our audience – the possible outcome of the contest between two incomparable candidates and the impact that either contestant will have on the institution of the US-American presidency and on the future politics of the United States.
